BIG DANCE PLANNED TO-NIGHT TALLAHASSEE ORCHESTRA TO PLAY

Once more lively tunes and sweet dance rythms will fill the air of the Recreation Hall as another of the Camp Carrabelle dances get under way to-night. Martin's Negro Melody Syncopaters of Tallahassee will provide the evenings music, starting the dance off at nine o' clock sharp. The dance will be a four hour affair concluding at one o'clock.

Quite a few girls from Tallahassee are expected down for the evening as well as the belles from Wakulla, Crawfordville, Sopchopy, to say nothing of the old stand bys, the Carra belles.

The Dance Club and its officers have decreed that no conduct unbecoming of a gentleman will be tolerated, and they will endeavor to run the dance off as smoothly and orderly as the last one. The cooperation of everyone in this respect will be appreciated, as this is a thing that makes our dances so successful.

With a full moon, clear weather good music, and lots of pretty ladies, and an orderly crowd, this dance should be one of the best we have ever had on Saint James island. The charge will be the usual 25¢. The honor system will be used. All those who do not pay cash, please sign the sheet at the door.

BALL TEAM WINS TWO-LOSES ONE ON WEEK-END TRIP

Company 1419 journeyed to Wilma and Bainbridge this past week -end and played three games, two at Wilma and one at the Georgia city.

At Wilma the camp team was victorious in both games. The first , a run-away affair, was won by a 14 to 4 score. Reynolds did the pitching for the camp team and was in good form, striking out six men. Company 1419 got 14 hits off Bonk who, however put seven of the camp

LEATHER WORKING CLASS HELD UP ON LEATHER DUE FROM JACKSONVILLE

The classes in Leather Working did not progress very far during this past week due to the fact that the leather ordered from Jacksonville failed to arrive. It is expected that the leather will arrive by the end of the week.

CAMP GETS A CLEAN-UP

A clean-up team led by Sergeant Williams and Mattair have piled up a large score in trash this last week, which has been removed from the camp by the truck drivers. The final count showed that the sergeants had piled up a huge score of sticks and trash, the camp grounds had nothing, having been raked up clean. The grounds were smiling in their defeat, looking spic andspan in fact, much better than before the game started. First Sergeant Williams says that this is a tough game to play, especially when you have to use rakes for bats,and ask that the boys of the camp cooperate in helping to keep the camp grounds in the same clean shape that they are in now.

NEWS FROM THE WOODS

On the way to camp last Friday afternoon Bill Briggs and his load of men were surprised to see a car zoom up and pass without blowing. The car smashed into the bridge , hitting the railing, damaging the body. The driver of the wrecked auto was pretty angry and acted as if he wanted to take it out on Bill but Mr. Gray intervened at this point and the driver finally cooled off and went on.

The biggest fire-lane that has ever been started on the island was begun last Monday morning. The lane is to be eighty-one feet in width and three miles long. A road will run along one side of it, and it is estimated that two months is the time required to finish it.

Tuesday afternoon Bennie Wilson bet Bill Whitley 50¢ that he could not cut a certain tree down in thirty minutes. "Whataman" Bill took him up, cut the tree down in six minutes and won the 50¢.

Wednesday morning the boys got soaking wet and while waiting for the truck, decided to start a ducking contest, as a nearby ditch lay invitingly by. It ended up in a fight.

Wednesday morning Marvin Hooks cut his leg with an ax. Boys will be boys.

CHURCH SERVICES THIS SUNDAY WILL BE AT 5:30 P.M. - FARRELL TO DELIVER SERMON IN REC HALL

Instead of the usual Sunday services in the morning, services this Sunday will be held at 5:30 P.M., or immediately after chow.

The Reverend Farrell of the Carrabelle Methodist Church, will deliver the sermon at this time in the Recreationa Hall. Dr. Farrell has preached at the camp several times during the past months and always gives a good inspirationalsermon and the enrollees gain a great benefit whenever he comes out.

In the morning about ten O'clock a truck will be available if there are enough who want to go into Carrabelle for Sunday School.

BEE CULTURE TO START

Garrett Smith received a pedigree Queen bee from one of the celebrated bee farms of Alabama which was shipped to him tis week. The queen arrived in a small cage the size of a match box, along with a piece of candy and several drones. Woodrow Wilson Whetstone of Sopchopy has a hive of bees which he is going to loan to Mr. Smith. The new queen will be put in this hive after the old queen is captured and killed. Mr. Smith, a bee expert, will give practical instruction in Bee Culture to the enrollees of the camp.

ANDERSON GETS AN EYE FULL

Mr. Anderson CEA found out what dynamite will do last Wednesday afternoon when he visited Mr. Gray's crew when they were clearing some fire lanes by the use of dynamite.

Mr. Anderson, who had often heard about this dynamiting process, stopped his little Austin to see how it was really done. He arrived just as Mr. Gray was about to give her the gun'. He told Mr. Gray that he wanted to see the dynamite go off, and Mr. Gray told him to just stand by and he would see plenty. Mr. Anderson stood by, and Mr. Gray shot the juice to her. The ground rose with a blasting roar to about a heighth of 200 feet, and as it came down, the wind caught it and the sum total was that Mr. Anderson after dodging roots and sticks, got a coat of good ole Florida mud and an eye full of sand. If the Austin had got as much dirt on it as Mr. Aderson did, she would still be there.

HORSE SHOE TOURNAMENT GOING STRONG

The horse shoe tournament which has been under way for the past 5 days has progressed to the semifinals, with Courtney, Huie, Soloman and Burich as the semifinalist. One other match must be played to determine the other semifinalist, as Tipper will play the winner of the Ivey-Smith match.

As to who will win the championship of the camp and gain the coveted prize belt donated by Captain Tisdale, is a matter of speculation as each of the semi-finalist has his followers who will bet you the shoes off of their feet that their man will win. At the present time, Burich, Huie and Courtney are favored to go into the finals, altho, any of these three may find the competition too strong and be forced out in the semifinals. The finals will be played over the week-end. After the singles tournament, a doubles tournament will be run off.

BALL TEAM WINS TWO-LOSES ONE GAME

team down by the strike-out path.

In the second game at Wilma , Reynolds continued on the mound for the camp team, still going strong. The score of the second game was 12-7. Fertal the pitcher of the #298 team was no match for the camp teams batsmen.

The team traveled into Baimbridge on Saturday nite and play- the Georgia team on Sunday,losing by a score of 9 to 4. Ott pitched the first six innings and then was relieved by Tipper, who finished the game. Cox, a new rookie onthe Baimbridge team pitched the entire game. He looked easy at first but proved to be plenty good. The camp team had the usual luck against the Baimbridge, playing excellent ball for eight of the nine inning but allowing the Georgia team to score 7 of thier nine runs in one inning.

MR. BRADFORD'S CREW KILLS LARGE RATTLER

A Diamond Back Rattler measuring about five feet with 14 rattlers was killed by the boys in Mr. Bradford's crew last Thursday. The snake nearly got Gens Wallace before it was killed. Beware of these rattlers,boys.

WHOSE DOG?

It is rumored that the dog that Mr. Gore found in his car and took home Wednesday afternoon belongs to one of the fine young belles of a neighboring town. We wonder how it got to camp. Someone said that the Mess Sergeant could tell us all about it. The little girl is probably missing her little dog as well as Mr. Harper at the present time.
